Agreement:

Customer must have specific streaming device(s) to receive service(s). Older devices may not operate with this system. It is the customer's responsibility to have an up-to-date device. Three live streams plus 2 cloud DVR streams. Cloud DVR will have one-year time to live for recordings; after one year from date of recording they will "expire" and be deleted. All "Tiers of Service" will have 3 concurrent viewable streams.
